

## **TRAINING ANNOUNCEMENT**

The Michigan State Police, Criminal Justice Information Center, through a grant provided by MCOLES, is pleased to announce the continuation of a training program designed for law enforcement personnel who issue Licenses to Purchase and Concealed Pistol Licenses, and whom impact department policies and conduct weapons related investigations.

### **UNDERSTANDING STATE AND FEDERAL FIREARMS PROHIBITORS 2011**

This program is funded through Michigan Justice Training Grant #64439-6T10 and is FREE to all law enforcement personnel. This year the program is a 7 hour training day.

#### **Audience:**

To date, over 2000 law enforcement personnel have attended this program. It is especially useful to law enforcement personnel involved in the issuance of Licenses to Purchase (LTP) and Concealed Pistol Licenses (CPL), as well as officials making policy decisions. Representatives of county gun boards, law enforcement administrators (policy makers), records/civilian personnel (responsible for the issuance of LTP), and investigators should also consider attending this course.

#### **Synopsis:**

This MCOLES recognized program discusses the Brady Handgun Violence Prevention Act, Michigan Firearms Act of 1927, as amended, the Concealed Pistol Licensing Act, and how these impact an individual's ability to obtain a LTP or a CPL.

State and federal factors that may be considered in denying a LTP or a CPL are discussed in depth. The latest requirements and restrictions to conducting a National Instant Background Check System (NICS) check are reviewed. Restoration of a convicted felon's firearms rights is also discussed.

### **This year we will have an emphasis on disqualifying drug activity, domestic violence convictions, and legal updates.**

#### **INSTRUCTOR:**

**James Tieman:** (Jim) retired from the Ann Arbor Police Department in 2001, as a Detective Lieutenant. Mr. Tieman has a Bachelors Degree in Interdisciplinary Technology from Eastern Michigan University. Mr. Tieman was responsible for direction of the APRS system and pistol registration at the Ann Arbor Police Department. Mr. Tieman also conducted lethal force and firearms policy training for the in-house and in-service training for AAPD. In addition Mr. Tieman represented the Ann Arbor Police Department as a non-voting member of the Washtenaw County Gun Board. Mr. Tieman has also attended annual national training seminars for NICS.

#### **PRESENTATION:**

This presentation is designed to be accessible to all law enforcement agencies. Presentations will be presented on a regional basis. A minimum of 20 registered participants is required for the training to be conducted.

#### **CONTACT INFORMATION:**

Registration for one of the classes below can be done by calling the location directly:

**All Classes are from 9:00 AM to 4:00 PM**
